

VARCAS[®]

VARCAS[®]

HEAVY DUTY LPG IRON PRESS

MADE IN INDIA

Built for Performance.
Designed to Last.

INFRA HEAT TECHNOLOGY BENEFITS

Infra Heat Technology is specially designed and developed by **VARCAS Industries** for cleaner, safer, and more fuel-efficient ironing. It provides fast, uniform heating, reduces LPG consumption, and delivers smooth, professional results with reliable performance for continuous commercial use.

- No smell
- No eye irritation
- Up to 16 hours with 1 kg LPG
- 10–15% extra mileage
- Easy repair and maintenance
- Fast and uniform heating
